PINSCREEN TRIAL STAY

Curious about the legendary instrument that is the pinscreen, but unsure if you are ready to embark on a long-term residency? The pinscreen trial stay is for you!

Lasting up to two weeks, this exploration period allows artists to become familiar with the *Alpine* and its 201 600 pins while receiving support from our technical director in a fully equipped studio at minimal cost.

As this trial stay is not a residency, interested artists must **provide to their own lodging, plan a light studio rental budget** and **become a member of the centre**. La Bande Vidéo can provide a letter of support for artists wishing to obtain a grant to help cover the related costs.

To apply to this category, please put together in a single file a cover letter addressing your interest and creative intentions, the desired length of the stay as well as an up-to-date resume and/or biography.
